Term 4- Week 6 - Friday 16 November, 2012

Welcome to our school.....

Class 2/3AH enjoyed looking for 'mini beasts' during the bio-diversity audit of our school grounds with Rumbalara Environmental Education Centre staff last week.

Farewell Mrs Mackay

It is with a mix of excitement and a heavy heart that our school announces that Mrs Mackay will be moving to a new school in 2013.

As our school enrolments will be reduced for next year, one teacher was required to leave and Mrs Mackay saw this as an opportunity to further her career and we are supporting her decision as best we can.

We are going to celebrate her contribution to our school as a professional staff member, a competent and astute teacher open to innovative ideas and a supportive work colleague who inspired all our community with her enthusiasm and commitment to increasing learning outcomes for all students. We will also celebrate her involvement as a parent and a friend who made every day worthwhile and so enjoyable to work, learn and play at Central Mangrove PS.

An **INVITATION to a FAREWELL PICNIC DAY** is extended to all parents, friends and students to share our celebration of her credible work ethic on Friday, 14 December at 11:30am. Please RSVP on the return slip by Friday 7 December so we can plan for her special farewell day.

IN THE SPOT LIGHT

Year 2/3AH Biodiversity Audit Incursion

Rumbalara Visit

Last Monday, 5 November, class 2/3AH were treated to a visit by Miss Smith from the Rumbalara Environmental Education Centre in Gosford. The aim of the class was to do an environmental audit of the school gardens. The class were divided into two group and the students, along with Mrs James and Miss Smith, gathered up magnifying glasses, colanders, collection boxes, spades and gloves. Each group had a sheet to help them identify the various 'mini beasties' they would find and the type of conditions they found them in. They went exploring the various gardens around the school grounds, searching for small insects and signs of animal life and their habitat.

"The group with Miss James caught native bees, earth worms, caterpillars, ants, stink bugs, spiders and many more."

By Ramani

"We found a spit fire, a red ant, spiders, and a termite nest. After we explored the gardens we counted up the marks on the Biodiversity Habitat Assessment."

By Sophie

The students loved getting out of the classroom and making new discoveries about their school environment. It was a fantastic morning.

Many thanks to Mr Mark Attwoll and Miss Smith from Rumbalara.

Kindergarten 2013 Orientation Program

After 5 visits from our wonderful 'Special K' kindy orientation students they have showed that they are eager and ready to start school next year. The students enjoyed a walking tour of the school, meeting other staff and students, cutting, pasting and using our smart board throughout their time here. We look forward to them starting next year 😊
