TERM 4

WEEK 8

Principal's Message

Dear Parent/Carers

End of Year Events

The end of year becomes very busy for families. You may like to save these dates. Central Mangrove Presentation Morning will be held at the school under the COLA at 9.30am, Wednesday 8 December. Unfortunately, due to COVID restrictions only two members from each award winner will be invited to attend to help present the award. Our Year 6 Farwell, for both Year 5 and 6 students will be held on Tuesday evening 14 December at Mangrove Mountain Golf Club. We look forward to sharing these events with you. The last day of Term 4 will be Thursday 16 December.

Kindergarten 2022 Transition Program

We have been very excited to have our Kindergarten 2022 visiting our school for the Transition Program. They have participated in a variety of classroom activities, had tours of the school and visited the playground. They have one more sessions to go. We look forward to seeing them back at the start of 2022.

Year 6 to 7 Transition

Our Year 6 students will be visiting Kariong Mountains High School next Tuesday to participate in orientation activities. They will have the opportunity to meet and work with the high school teachers and Year 6 students from other local primary schools.

Fun-a-thon

Stage 3 have been busy preparing for the Fun-a-thon that was held today. Students had the opportunity to participate in activities like sponge

Fri 3 Dec	Fun-A-Thon money due

throwing, nail art, ice-cream Sunday making and target shooting. Students are asked to **return their sponsor card and money to school by Friday 3 December 2021**. Each student will receive a ticket for participating and for each \$10.00 raised students will obtain an extra ticket in the prize draw. The final prize draw will be held on Friday 10 December. Funds raised will help to purchase resources for our students.

STEM Session

Last week students rotated through three Science, technology, engineering and mathematics (STEM)

challenges. They had the opportunity to plan, design, test and adjust designs for a marshmallow caterpoult, longest marble run and a sand bridge building challenge. It was interesting to see the creativity and team work involved to create their designs. We have some future engineers and inventors I am sure.

Touch Football

This term we have used the Sporting in Schools funding to provide coaching to our students in touch football. Students participate in skills development over a period of four sessions.

Assembly Award Recipients Term 4 Week 5 Congratulations

Libby Cullen
Principal

TEACHER AWARDS TERM 4 WEEK 5

PRINCIPAL AWARD TERM 4 WEEK 5	
CM1	
Thomas	A wonderful mathematician
CM2	
Sheng	A wiz at segmenting words
CM3	
Leela	Always demonstrating the school values

Fun-A-Thon

STEM Session

Touch Football

STEM Day

Wednesday 17 November CMPS students engaged in some science, technology, engineering and mathematics (STEM) challenges. Students had to plan and work creatively to plan a solution to different challenges including a marble run, a sand bridge and a marshmallow catapult. It was fantastic to see students working together and thinking scientifically.

Kinder Transition

CM1 have been welcoming 2022 Kindergarten students into their classroom each Tuesday. We have played, read stories, learned about school rules and visited different locations around the school.

CM1 Writing

Sam was a little boy who liked to invent machines. Some of the time he forgets to do his chores. One day it started to rain so he went to a shed to make a masterpiece and when he is finished, this is how it works.

You put a hen in the machine and when the hen lays an egg it goes down into the basket. Stanley liked to invent things but he didn't like to let anyone help or come in. He made a really fun machine. One day, he was walking down the neighbourhood and saw something familiar. So he ran over. It a triple see-saw.

By Dayna

Sam was a boy that forgot to do his chores. So he invented a machine that could help him with his chores.

Stanley was a boy that liked to invent machines. It was not fun by himself. He looked over the fence and he looked at a girl and they became friends.

By Ayeesha

Once a little boy named Sam made nice things and sometimes he forgot to do his chores.

So one day Sam was chasing a shadow when he could barely breathe. He found a work shed! He made very helpful things. His first one was a thing that got his chicken's eggs. His second one was one that spread chicken seed around the farm.

Once there was a little boy named Stanley. He made all his things for himself. He was unkind until he teamed up with a girl named Martha. He shared his things with other people in the neighbourhood. Well, not everything.

By Cora

Sam likes to build machines that are helpful and Sam helps on the farm.

Stanley likes to build things for fun.

Stanley invented so he could have fun, but he didn't have fun.
